

INVOICE PROCESSING IN ASIA AND EMEA

EXTRACTING DATA FROM INVOICES OF 28 DIFFERENT COUNTRIES

FACTS

PARTNER/CUSTOMER

- Fresenius Netcare GmbH

IRIS TECHNOLOGY

- IRISXtract™ for Documents

THE SOLUTION

- Fresenius Netcare GmbH is the IT service provider of the Fresenius Health Care Group. It's centrally hosting IRISXtract for shared service centers of Fresenius Medical Care in Asia and EMEA. These SSCs process invoices for the different branches (Russia, China, Korea, Thailand, Vietnam, Philippines, Hong Kong, Malaysia, Poland, Czech Republic, Romania, Lithuania, Slovakia, Slovenia ...)
- The documents are scanned in on a local level and imported in IRISXtract via a watched folder.
- The accounts payable solution offered by IRIS allows them to OCR the invoices, extract key data and line item content depending on the needs of the countries.
- After that the data is passed over into the SAP invoice channel (by Psinova) where it gets validated by SAP operators in the SSCs.

BENEFITS

- IRISXtract offers one platform that can easily be customized for special requirements according to the country, the character sets and the languages.
- The solution generated improvements in data quality and processing time of documents. Invoices are approved and paid in due time.

KEY FACTS:

- Used in 1 SSC based in Poland and 2 SSCs based in Asia, processing documents for 28 countries.
- 1.5 million images processed per year
- 3 different OCR engines were used to cover all dialects.

FRESENIUS:

“The qualification and certification we got from IRIS during the Partner enablement made us independent in operating the software. A powerful second level service by IRIS, in combination with our own know-how and flexibility, ensures the steady improvement of the Accounts Payable solution. This is the prerequisite for an international roll-out and growth.”

Michael Herth, Director Finance Processes and Applications, Fresenius Netcare GmbH
