THE SOLUTION

- Zetes, a leading international technology company specializing in supply chain optimization and citizen identification solutions, has selected IRIS Information Management Solutions (IRIS IMS) to automate all of its accounts payable invoicing.
- Initially the award winning platform IRISXtract™ has been implemented in Zetes offices in the DACH area. They started with a yearly volume of 240.000 invoices. The solution is currently being rolled out to offices in more than 10 other countries over the world. To achieve an efficient solution, there is first of all the Accounts Payable Capture Solution, which identifies multiple purchase invoices, scans them and extracts the relevant data to be stored in the content services platform IRISNext™.
- The rapid consultation of documents, particularly purchase invoices, is one of the objectives made possible thanks to the collaboration with IRIS IMS. Invoice data are extracted and transmitted to the ERP system, which reduces the encoding and verification tasks for the teams.

BENEFITS

- IRISXtract™ reached an out-of-the-box recognition rate of over 90%.
- Productivity boost and process automation.
- Save time up to 35% in the entire process.
- Gain in transparency and traceability.
- Better relationship with stakeholders.

KEY FACTS

- Gain in transparency and traceability
- Recognition rate of over 90%
- Save up time up to 35%

ZETES:

"IRIS IMS immediately stood out, especially for the quality of its OCR. In the first test, even before training the system, around 90% of the entries were already recognized. This was a decisive criterion for us in terms of automating tasks and increasing efficiency!"
