**Stop Chasing Invoice Data  
Start Driving Strategy**

Cloud Accounts Payable Automation Built for Today's Business

### Modern AP Needs Modern Tech

Manual invoice processing drains time, budget and insight. Every minute spent on data entry and error correction is a minute lost from value-adding finance strategy. IRISpulse™ APSuite turns Accounts Payable from a reactive task into a proactive business advantage.

### Transform Your AP in the Cloud

IRISpulse™ APSuite is a 100% cloud-based solution that automates your purchase-to-pay workflow end-to-end — capturing invoices, ensuring compliance and enabling digital approvals and reporting from anywhere.

### What Makes IRISpulse™ APSuite Different?

- Cloud-First & Ready-to-Roll.
- No on-prem setup or complex implementation. Instantly accessible from any device with secure, scalable SaaS infrastructure.
- AI-Driven Extraction.
- AI-powered, template-free extraction captures supplier data, line items, totals and more from any invoice format, without prior configuration.
- Secure, Compliant & Future-Proof.
- Built-in support for global e-invoicing standards including Peppol, X-Rechnung, ZUGFeRD and more.
- Seamless Workflow Automation.
- Configurable approval workflows replace email chains: Routing, verifying and approving everything with a click.
- Easy ERP Integration.
- Export approved invoice data to ERP, accounting or ECM systems via API or standard CSV.

## Big Benefits You Can Measure

- Cut processing costs by up to 80%: autonomously reduce manual entry and error correction.
- Enable distributed work: secure remote access for finance teams.
- Accelerate approvals: faster cycle times with smart work routing.
- Boost compliance & accuracy: prevent compliance fines and lost data.

## Target Audience

IRISPulse™ APSuite is ideal for:

- Small & Medium-sized Businesses.
- Finance & Accounting Teams.
- Distributed or Remote Workforces.
- Companies ready to ditch paper and Excel workflows.

## Technology & Trust

- Secure SaaS Architecture: built with enterprise-grade security and scale.
- Remote & Flexible: access from any device, any time.
- AI & Automation-First: reduces errors and manual effort.
